Cemetery No.13 - Coutts Town (Old Anglican) Cemetery

SE-05-01-15-W4

The town of Coutts is located at the intersection of Highway 4 and Secondary Highway 500 just north of the Canada - U.S. border in the County of Warner No. 5. Coutts Town Cemetery is located south of Highway 4 at the western edge of the townsite.

It appears that Frederick Stokely may have been the first burial in the cemetery in July of 1912.

In the early years this cemetery was not well maintained, and as a result some of the early grave markers are unreadable and some of the burials are unknown. Since the town of Coutts has taken over the care of the cemetery it has been restored as much as possible, including the installation of a link wire fence.

This recording of 121 burials was made by Rose and Peter Goutbeck in 1994.

Cemetery No. 207 - St. Isidore - Allerston Catholic Cemetery

SE-26-02-14-W4

From the town of Milk River on Highway 4 take Secondary Highway 501 east for a distance of 15 miles. Travel south on an improved road for one mile to St. Isidore Church and Cemetery on the left. This is the farming community of Allerston, John Thielen having donated a parcel of his farm land for the church and cemetery in 1911.

An early book of cemetery registrations was sent to the Department of Vital Statistics but was not returned. The present register starts at 1949 although the church and cemetery began in 1912 as indicated on the cemetery gate sign.

Katie Thielen of Milk River has been keeper of the records since 1956. About 1960 she organized a program of identification of the unknown graves, even writing to family members that had moved to the United States. There may still be some unknown graves in the children's section. Katie has done a really good job of trying to identify all burials in this cemetery and updating the records. She was also helpful in phoning and obtaining information on two other abandoned cemeteries in the area.

Peter and Rose Goutbeck completed the documentation of 126 burials in 1994.

A detailed account of the history of this parish may be found in "From Sandstone to Settlers: Writing on Stone District History 1900 - 1983".

Cemetery No.1226 - New Dayton Community Cemetery

SE-33-05-18-W4

From the south side of New Dayton in the County of Warner No. 5 travel east one-half mile, crossing the railway tracks and Highway 4, then turn north off the main road to locate the cemetery. The cemetery dates from 1911 to 1948. A memorial stone was put in place December 7, 1976.

Illa Rue Skeith and members of the Lethbridge Branch have recorded 29 burials in this cemetery as of September, 1995. They believe there are still two or three unknown graves.

Many of the graves do not have grave markers, and others have markers which have deteriorated and are unreadable. Unfortunately it is apparent that no one is looking after this dilapidated, inactive cemetery.

NW-22-03-12-W4

From the town of Foremost in south-eastern Alberta take Secondary Highway 879 to 501. Travel three miles west on Highway 501, two miles north on Highway 578, then two miles west. The cemetery is on the left just off the improved road.

A second approach is from Milk River on Highway 4, taking Secondary Highway 501 for about 29 miles to the intersection of Highway 878. Go north for two miles, then west for two miles. The cemetery is a short distance south off the improved road. Apparently there was also a school in this area at one time.

The first burial in this cemetery was Edna May Cameron, wife of Harry Daniels, in 1913. The most recent burial was of Mrs. Mary Wilson in 1969. The grounds are well-maintained by the community, and, at the time of writing, Della Walsh of Foremost is a contact person.

"Long Shadows, A History of Shortgrass Country", p.110 - 114, contains detailed information about Prairie Round Cemetery and other district burial grounds.

Peter and Rose Goutbeck recorded 65 burials in the Prairie Round Cemetery in 1994.

Cemetery No.1490 - Warner Town And Old Catholic Cemetery

SW-14-04-17-W4

The cemetery is on the north side of Secondary Highway 504, almost a mile west of the intersection of #504 and Highway 4. This is only a short distance north-west from the town of Warner.

At one time this cemetery was divided, the public section to the south, the Catholic to the north. But now, as the south section is almost full of graves, new burials are in the old Catholic section which has now become the one Warner Cemetery.

With the assistance of Glen Heppler of Warner, Peter and Rose Goutbeck recorded 610 burials in Warner Cemetery in 1994.

Cemetery No.1508 - Wrentham Cemetery

NW-31-06-16-W4

Wrentham Cemetery is located in south-eastern Alberta in the County of Warner No. 5. It is on the south side of Secondary Highway 61, one and one-half miles east of the intersection of Highways 61 and 36. (From the hamlet of Wrentham the cemetery is one-half mile north and one mile east on Highway 61).

The hamlet was named by the Canadian Pacific Railway after a town in Suffolk, England, called Wrentham. The name is derived from "Wrenta's Ham" meaning homestead. First known settlers were the Joseph Garrick family who came about 1898. The first homesteader to file on the land where the hamlet of Wrentham is now situated was Leonard Loutz. He filed on this land in 1903 and received his title in 1910.

Dolores Christie, AGS member, Lethbridge Branch, recorded 23 burials in the cemetery in 1994. The local Lions' Club members have put a headstone on each of the graves which did not have one.

Cemetery No.1643 - Holy Angel's Catholic Cemetery

SE-05-01-15-W4

Located on the south-west corner of the town of Coutts , this cemetery is just two blocks west of the border crossing to the USA on Highway 4. This old cemetery , still in use, has a chain link fence around a fairly large area, being the south half of the block with the Church on the north part of the block. This cemetery is unique in Alberta in that the southern edge of the cemetery abuts the USA border.

Next to the Church atop a concrete block structure is an old church bell. A plaque reads:

HISTORY OF THE BELL

This Bell was erected on the original Holy Angel's Catholic Church and blessed by Bishop Legal on July 11th 1905. It rang from 1905 to 1970 here on the border between the USA and Canada calling the Parishioners from Montana in the south and Alberta in the north. The new church was finished in 1970 and was blessed by Bishop Paul J. O'Byrne on December 5th. The Bell was re-erected and rang again on April 29, 1978.

Any early records for this cemetery (and the church) have gone astray and cannot be found. There are burials in this cemetery whose names are unknown. The names recorded in this publication are from the grave markers. The caretaker, Mildred Thiessen, informed us she also has a reconstructed plot plan with the same basic information.

Of the 83 names of this cemetery, the earliest burial recorded in this publication is John Bunyak in January 1911, and the latest is Philip Wollersheim in September 1991.

Peter and Rose Goutbeck documented this cemetery in 1994.

Cemetery No.1653 - Masinasin Cemetery

SW-23-02-13-W4

Masinasin Cemetery, inactive, abandoned and neglected, can be found by travelling 19 miles east of Milk River on Secondary Highway 501, then just under 2 miles south on Highway 878. The cemetery is difficult to see on the east side of the road. Only one grave marker may be visible almost next to the ditch just above the grass. After some searching three other grave markers were discovered nearly hidden by the grass, one of them laying seemingly damaged by some equipment.

Katie Thielen, caretaker of the neighbouring St. Isadore cemetery, was very helpful in phoning several residents of the area to get names of other possible burials in this cemetery.

The earliest death date on one of the grave markers is of Amanda Bell in July 1909.

According to information in the local history book, "From Sandstone to Settlers, Writing on Stone District History 1900 - 1983" (pages 75 and 76) land for a church was donated in 1918 by Fred Eigard, a farmer in the district. Early services were conducted by Presbyterian Church ministers and the cemetery land was donated by Isaac Mills.

From the information gleaned in 1994, Peter and Rose Goutbeck were able to record only 11 burials in this cemetery.
